AURIC

Mosaic Collection

A Study in Gilded Rhythm

Auric explores the quiet power of gold as both material and emotion. Each mosaic is composed as a rhythm—fragmented yet intentional—where light moves across the surface and shifts with the day. Drawing from organic flow and subtle geometry, the series balances warmth with restraint, allowing texture, reflection, and tone to speak without excess. These pieces are designed to feel lived-with rather than observed—timeless, tactile, and softly radiant.
