TIMBER TILES

Porcelain Collection | 600x600mm

The Warmth of Wood, Refined by Design

Timber tiles in a 600x600cm format reinterpret the natural beauty of wood through a contemporary architectural lens. Featuring finely grained textures and carefully balanced tonal variations, each tile delivers the warmth and character of timber while offering the durability, stability, and low maintenance of premium porcelain. The square format introduces a modern, structured aesthetic—ideal for expansive spaces where visual continuity and refined proportions are essential. Designed for both residential and commercial interiors, these tiles create an atmosphere of understated luxury with enduring performance.
